

# MaxiDry<sup>®</sup> PLUS<sup>™</sup>

MaxiDry<sup>®</sup> Plus<sup>™</sup> is designed and developed for those working with chemicals requiring good levels of protection and is certified as a Type B product according to EN ISO 374:2016 + A1:2018.

## TECHNOLOGIES INSIDE

**For protection against oils and hazardous chemicals**  
**Liquid repellence** - we have increased resistance to oils via our LIQUItch<sup>®</sup> technology platform.

**Reduced hand fatigue**  
**Ultra lightweight** - synthetic coating combined with an industry leading super light seamless knit liner provides excellent comfort, sensitivity, fit and dexterity.

**Locking cuff** - ensures the glove doesn't slip on the hand: an exclusive elasticated support in the wrist area provides a "locking" effect for a close and snug fit.

**For a secure grip**  
Our micro-cup non-slip grip finish allows for a controlled and superior grip in oily and wet applications. The nonslip grip is only applied where it is actually needed - in the palm area - to ensure flexibility isn't compromised. GRIPtech<sup>®</sup> decreases hand fatigue and increases safety.

## CLEANLINESS GUARANTEED

Cleanliness and hygiene are fundamental components of our product philosophy. We always do our best to ensure your safety.

We play it safe when it comes to your health. That's why all our products are tested and accredited by dermatologists and doctors from the Skin Health Alliance. We wash our products prior to packaging them to remove even the smallest traces of production residues.

To ensure none of our materials pose a risk to your health, almost all of our products are also certified according to the OEKO-TEX<sup>®</sup> Standard 100. We only use REACH-compliant raw materials and additives and none of our products contain SVHCs.

We do everything we can to make sure ATG<sup>®</sup> gloves are kind both to users' skin and to the planet. We call this: HandCare<sup>®</sup>.

Reducing emissions is a top priority for us and we do our utmost to achieve our goals. But you can benefit from this too, because our mechanical gloves can be washed several times. This not only saves you money, but also reduces the consumption of valuable resources.

Hand protection by ATG<sup>®</sup> – skin-friendly gloves guaranteed.

## ALSO AVAILABLE IN THE MAXIDRY<sup>®</sup> RANGE

### MaxiDry<sup>®</sup>

People have been asking us to make an **oil repellent** MaxiFlex<sup>®</sup> that's still super thin, flexible, dexterous and comfortable. So we did and it's called MaxiDry<sup>®</sup>.

### MaxiDry<sup>®</sup> Elite<sup>™</sup>

With a material thickness of just 0.7 mm, the new MaxiDry<sup>®</sup> Elite<sup>™</sup> is the thinnest and lightest assembly glove for oily applications we've ever built.

### MaxiDry<sup>®</sup> Zero<sup>™</sup>

MaxiDry<sup>®</sup> Zero<sup>™</sup> incorporates the core values of the MaxiDry<sup>®</sup> brand and is ideal for working inside or outside in **cold environments**.

### Where to use:

**MAXIDRY<sup>®</sup> PLUS<sup>™</sup> IS DESIGNED FOR USE IN OILY, WET ENVIRONMENTS AND/OR LOW LEVEL OF CHEMICAL RESISTANCE APPLICATIONS.**
